15th Story

Huh?

Seo Yeon, isn't that Sang Hyun?

Huh? Sang Hyun?

Hey-

What are you doing here?

What about the field trip?

Hello.
Hello.
Hi, my problem is my web-host
SFX: Turtle nods

I wish how I would be here tomorrow.
I see. Please come in.

Have fun!
Thank you.

How did you say that you were going to fix my computer?

I just needed an excuse. This must be nice for you. Your company is getting al...ost all for free.

You suck.
Is this another time we're leaving you home?

I was just having a quick visit.

What I heard all about Ji-Hoon Lee from your mom.

Parents are using their children as an excuse to be friends with each other
Both of them are friendly!
Let's be friendly as well~
I thought they would be like that.
They're not gay

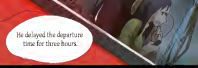
So? What did you come here for?

Today Ji-Hoon Lee said..

He saw the...round of applause ring but not ended up, saying that he wouldn't get on.

Later the home owner, Yeonhee and Hae-Seon tried to convince him, but he refused.

And, how very the fifth campus finally was pulled forward.



He delayed the departure time for three hours.

He screamed and
send Dott he had to
get out of the car,
making a big fuss.

So what?

when we arrived at the
amusement park,
everyone in our class
was in a bad mood.

Do you understand
what I mean?

The only son of a rich
family was interested
in me. But he doesn't
like the normal me.

How are you going to get
friendly with Dott's Mom, Lu?
Are you just going to harm yourself
if terrible you always do!

And look at the people
who enjoy you!

Do you remember
what I said
on the rooftop
two weeks ago?

Do you want me
to help? I could
save him from
being bullied...?

Forget about that.
Don't approach
Ji Hoon Lee
for a while.

Why? The school kids
are now 17 years old.

They can decide
who to hate.

Well, if you don't
like the one thing,
I see the class
president.

He really
sucks...
